

# ROBBING peter

week one  
SMALL GROUP GUIDE

## The Big Idea

To understand and live as one of God's stewards is the most liberating lifestyle available. If God really does own everything, He has the right to whatever He wants whenever He wants with it. However, many of us make financial decisions as if we are the owners. This week, we discovered what it means to manage as stewards, not owners, of everything God gives us.

## Tweetable Moments

*"Rich is a moving target."*

*"Every spending decision is a spiritual decision."*
